The screenshot shows the Toshiba Service Station 2.2.14 application window. The title bar reads "TOSHIBA Service Station 2.2.14". The main content area is divided into a header section and a main panel. The header section displays system information: Model: TECRA C50-B, Serial Number: YE092141H, Part Number: PSSG6A-AAAA1, and Operating System Version: Microsoft Windows 7 Professional Service Pack 1. The main panel is titled "Software Updates (Home)" and features a "Settings" link. Below the title, it prompts the user to "Select a software update to view its details below". A single update is listed: "TOSHIBA Service Station v2.2.15". To the right of this entry are "Ignore" and "Download / Install" buttons. A progress bar below the list is labeled "< Download progress". The selected update's details are shown below, including "Version: 2.2.15" and "Download size (MB): 13". A message states: "This important update fixes security vulnerabilities in Toshiba Service Station. Toshiba strongly recommends that you install it immediately." On the left side of the window, there are icons for "Software Updates", "Alerts", and "Check for Updates". The "Check for Updates" section shows the "Last Update: 2015/12/11 18:45" and a link to "View Access Agreement".
